

AVIC Ship Holds Meeting with Minister of Transport of Republic of the Congo

Mr. Rodolphe ADADA, Minister of Transport of Republic of the Congo, and team, arrived at Grand Skylight Hotel, Shanghai at the night of December 17. Deputy General Manager, Xu Bo of AVIC International Aero-Development International Corporation accompanied Mr. ADADA and team in their arrival. Mr. Chen Tao, Deputy General Manager of AVIC Ship, held a welcome talk session with Mr. ADADA. Both parties shared their views on vessel-related business and potential collaboration.

Mr. Chen gave an introduction on the business profile of AVIC Ship, and the market performance of vessels of various models. AVIC Ship has good track record on several vessels in Angola, Cameroon and other African countries. Given that the Republic of Congo possesses rich oil reserves and fishing resources, Mr. Chen recommended oil service vessels, fishing vessels, tugs and oil tankers etc.

Minister expressed gratitude to the introduction and the reception; he was very impressed by the introduction on AVIC Ship, showed great interest in the vessels AVIC Ship recommended, and thought there would be great potential for the two parties to collaborate in the future.
